EUPHORIA

Euphoria Technologies

Company Profile

About us

Euphoria technologies, established in 2010 is a prominent manufacturer and suppliers for a comprehensive range of Industrial Fixtures, Industrial gauges and special purpose machines.

Our products are characterized by its supreme quality and performance.

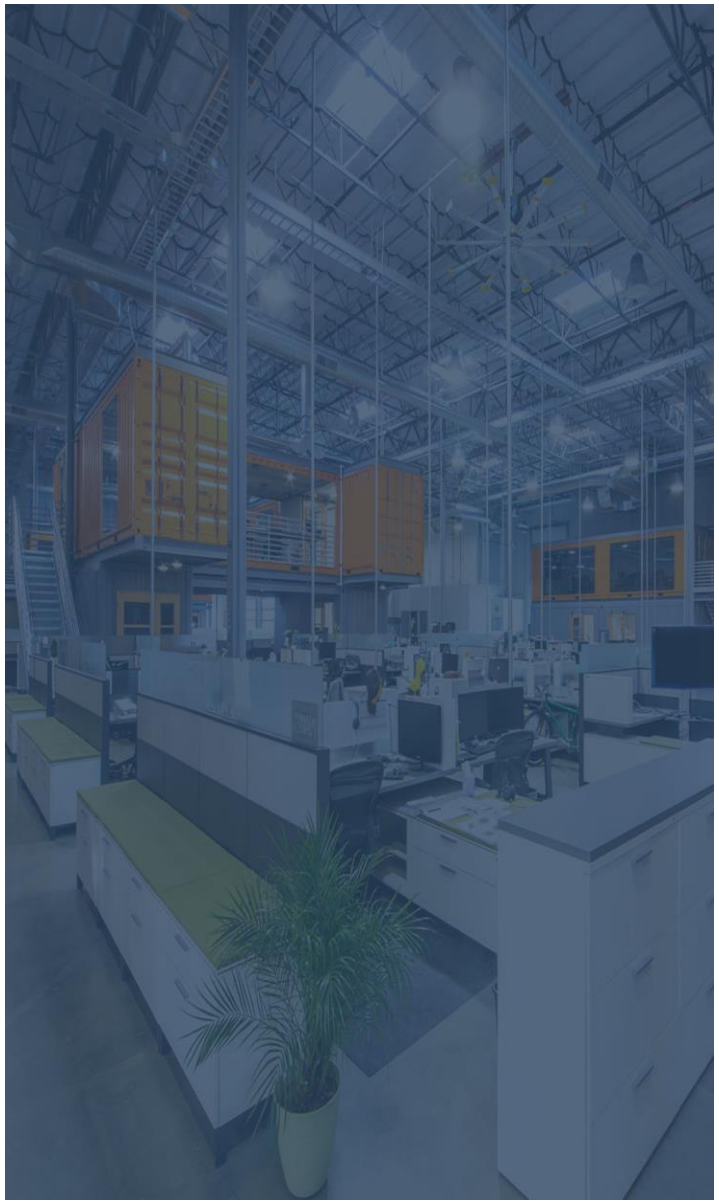

950+
projects

800+
Jigs & Fixtures

60+
SPMs

With a facility spread across 7500 sq.ft and we use the cutting edge technology and machines like VMC Machines, Double column Jig Boring, Lathe Machines, Surface Grinding & Milling Machine etc. Another major strength of ours is the Metrology facility equipped with two CMMs.

Under the guidance of our charismatic leader and Managing director, Mr. R. Venkatesan, we have sailed across many endeavors with flying colours. His experience and expertise combined with his visionary policies has allowed us to grow continually.

Our Mission

"To continuously invent high-quality engineering products that will produce a cost effective and optimal solution for our clients."

Why us?

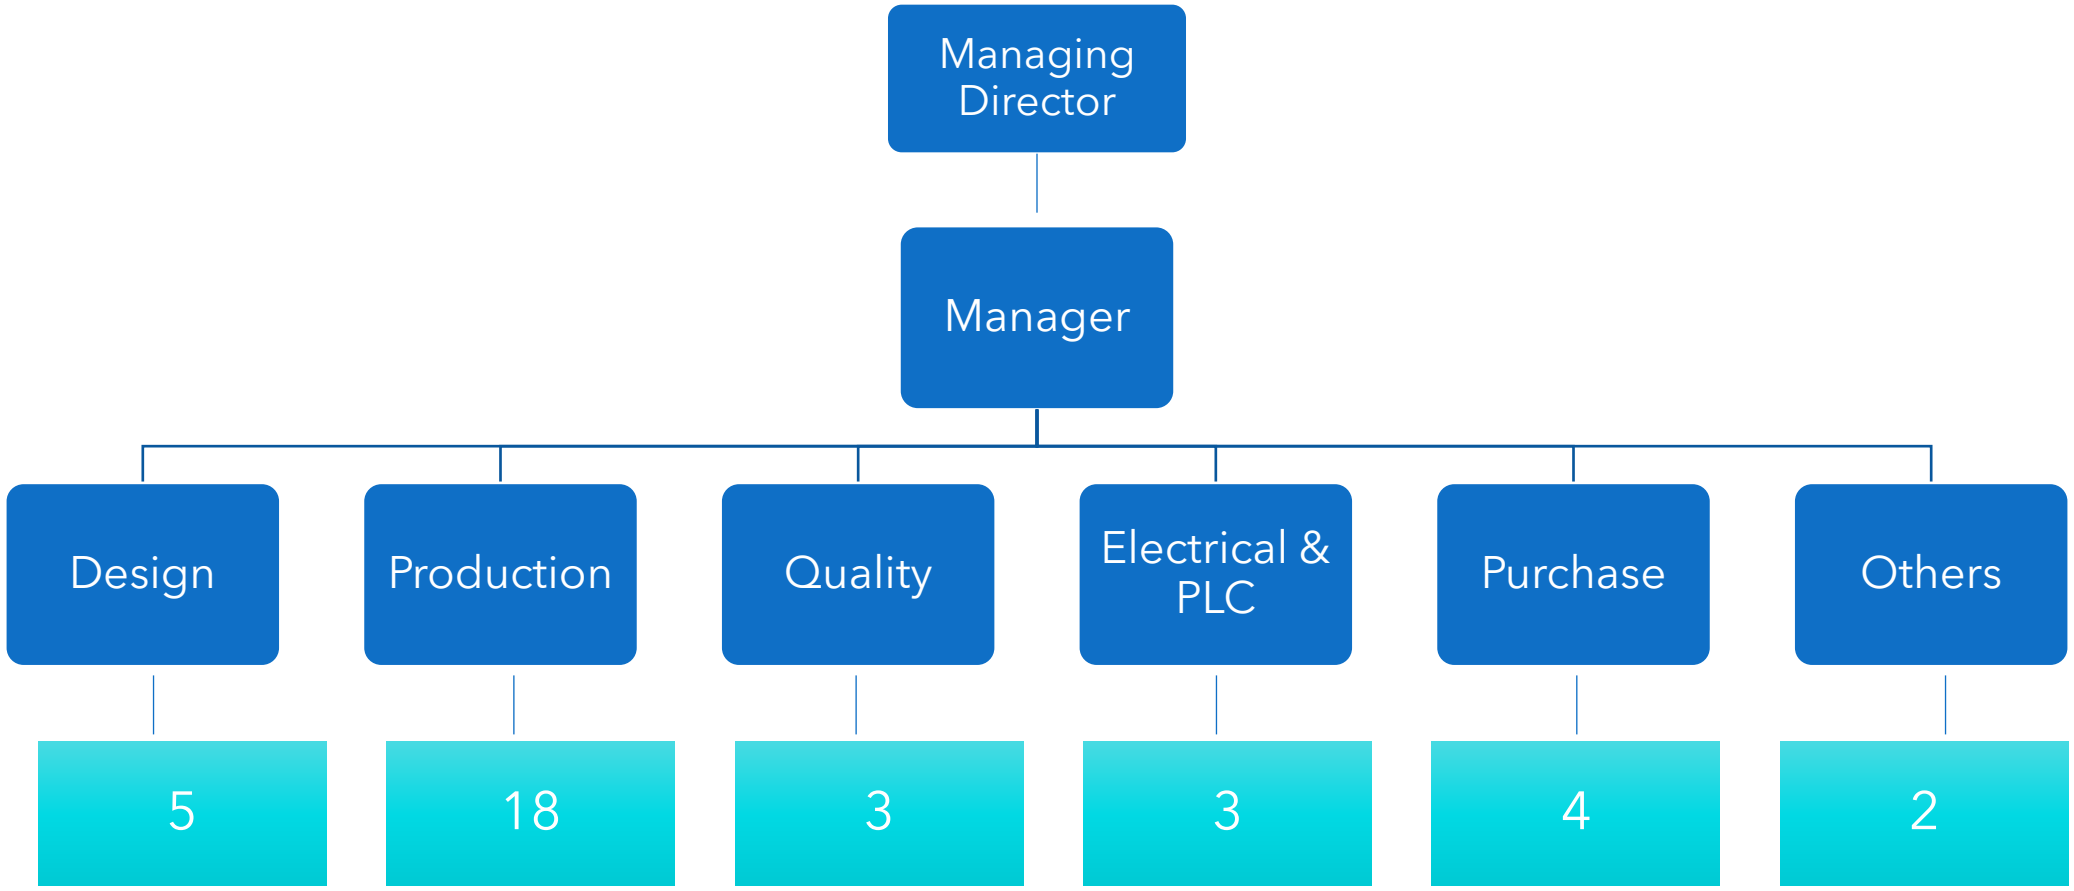

Owing to the in-depth knowledge and expertise of the market, we have been able to carve a niche for ourselves in the industry. Our expertise enables us to give creative and innovative solutions to our customers. Our resources which enables us to complete our project in a time-bound and effective manner.

Ethical working environment, sophisticated infrastructure, large manufacturing capacity, transparent dealings, timely delivery are the major reasons why we are the first choice for our customers.

The products we develop and manufacture have various special qualities and are applicable for different industry-related applications. The products are designed in sync with the changes of the market structure and in accordance with the dynamic demands of clients. To fulfill these needs with accuracy and precision, we offer customized solutions.

Our Team

Total Team - 37

Our Products

Major categories of products that we make are:

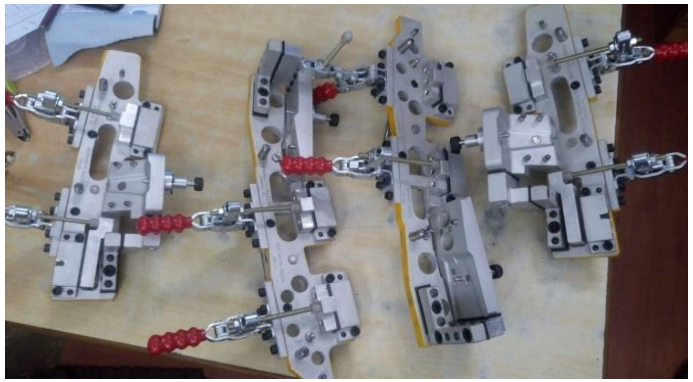

- Welding fixtures
  - Robo welding fixtures
  - Spot welding fixtures
- Checking fixtures
- 3D profile checking fixtures
- BIW fixtures
- Special purpose machines (SPM)
- Industrial Handling equipment's & Trolleys

1. Welding Fixtures

Excellent quality | Perfect finish | Multi-utilitarian

We offer one of the best range of Metal Welding Fixtures to the clients. These Metal Welding Fixtures have been rated highly among the clients. These Metal Welding Fixtures are available in compact designs and have been designed for accurate welding. Our welding fixtures are priced reasonably in the market.

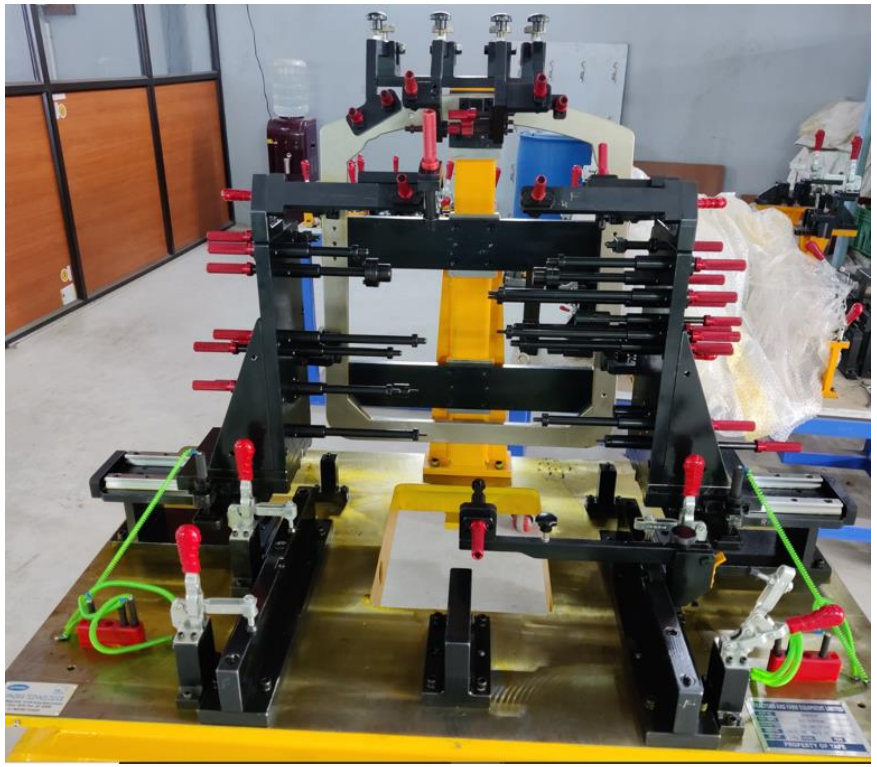

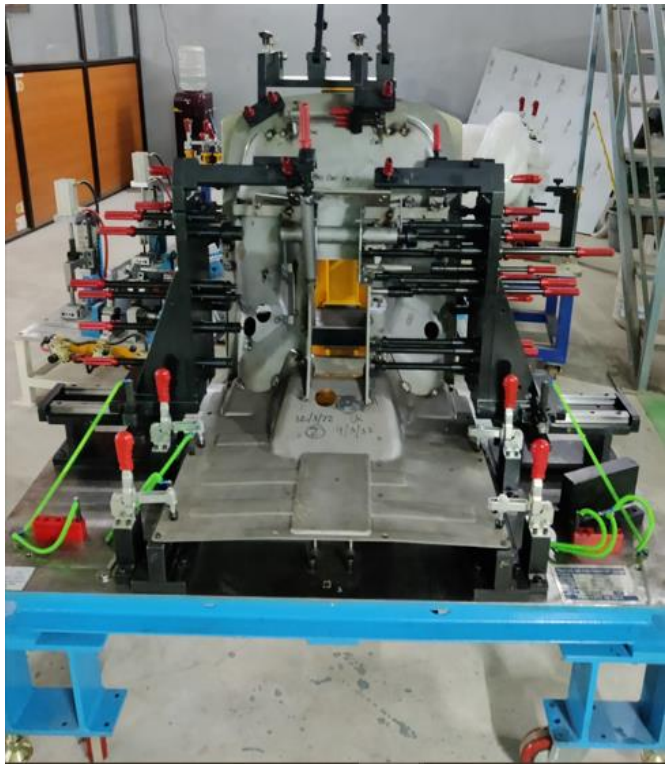

1. Welding Fixtures

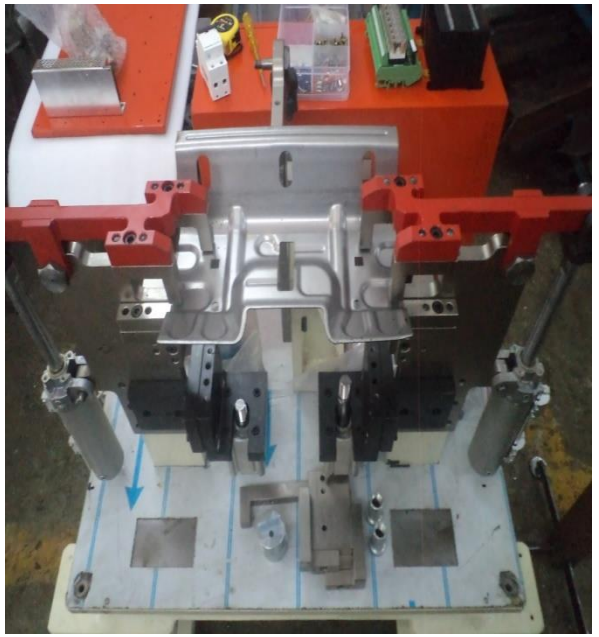

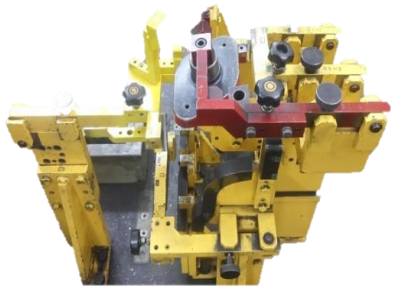

2. Robo Welding Fixtures

Precision engineering| cost effective | Automatic operation

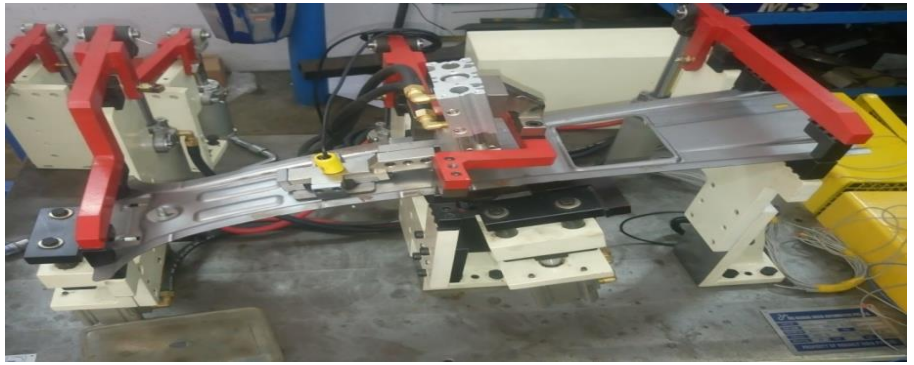

Robo welding fixture is another specialty of ours. We have huge collection of Robotic Fixtures in order to meet those specific demand of the customers. These Robotic Fixtures operate automatically using the customer friendly options. Moreover, they are offered to the clients at the cost effective prices in the market.

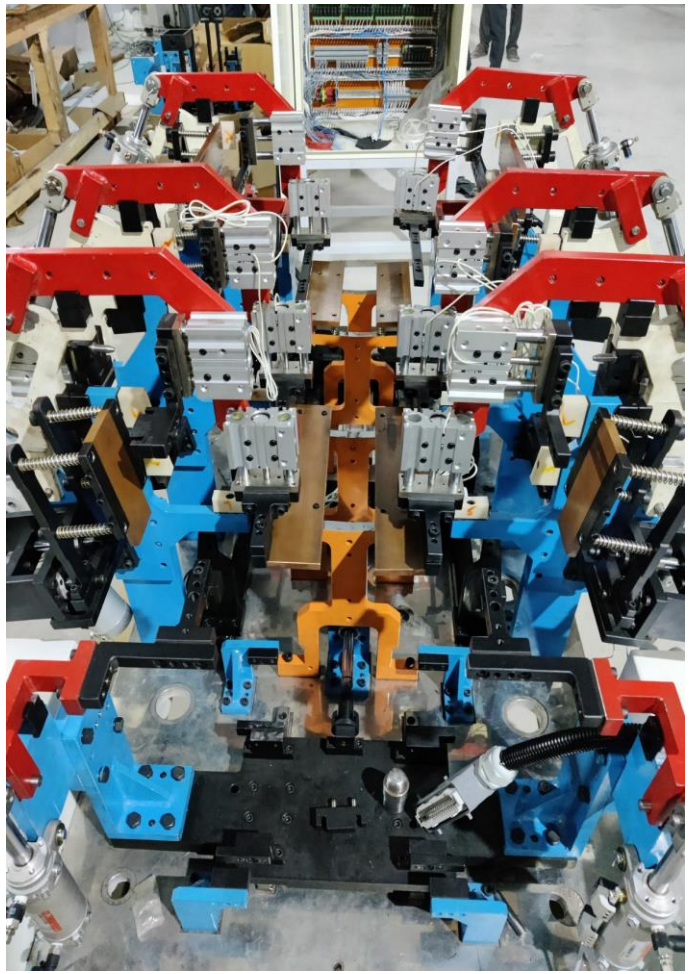

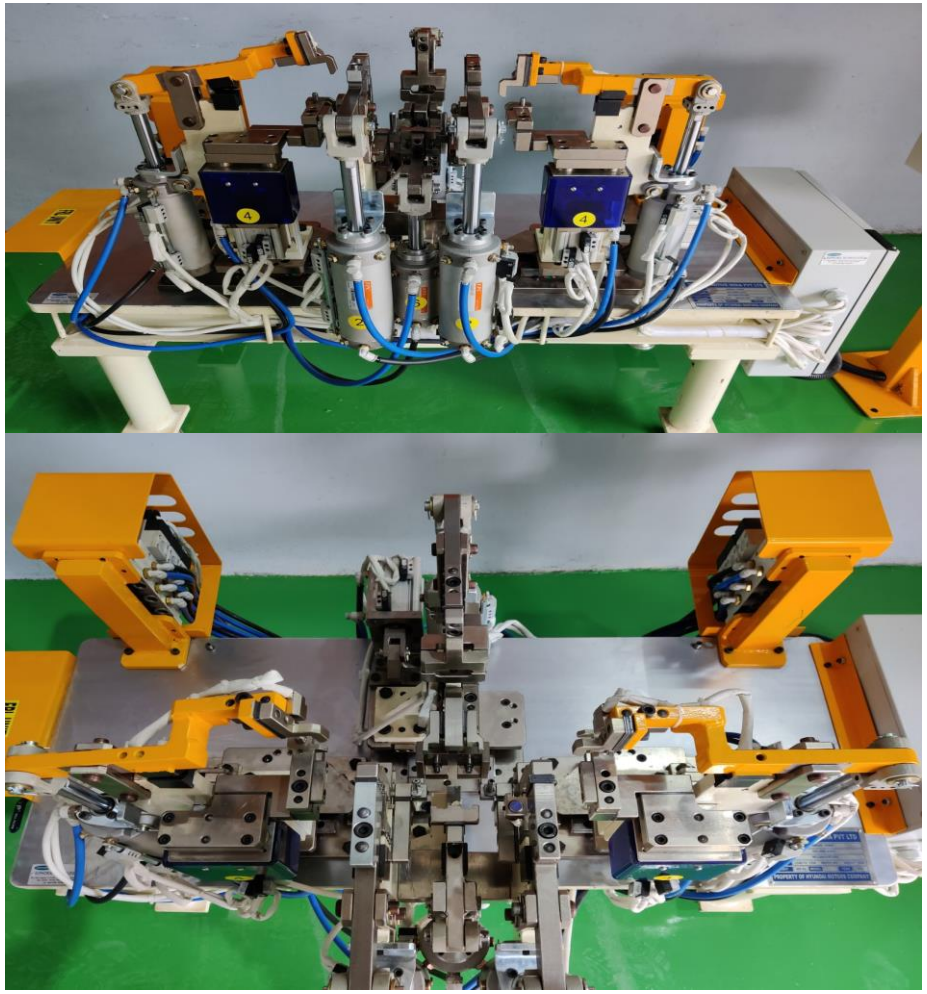

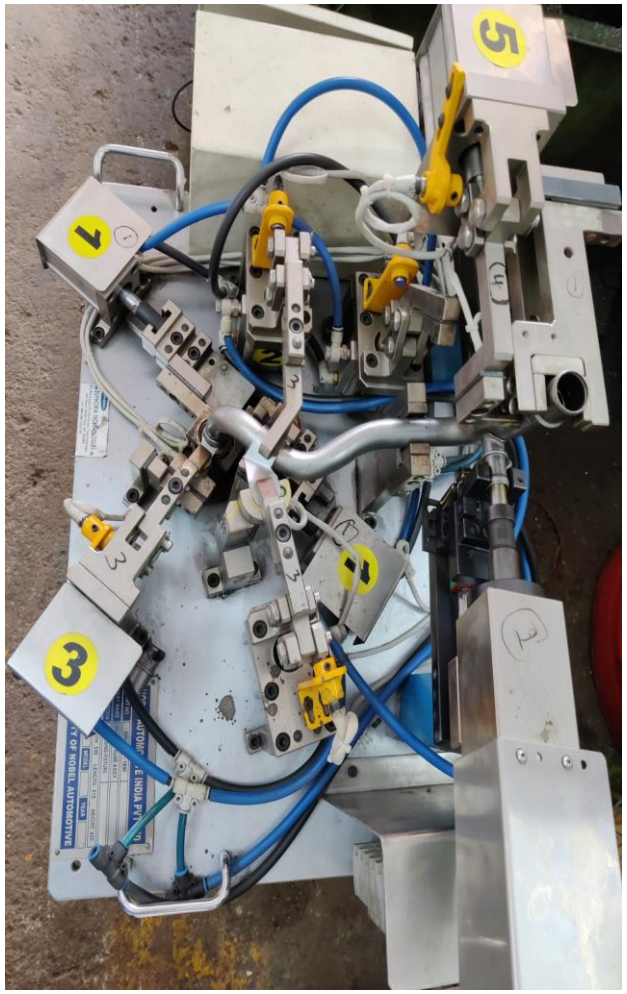

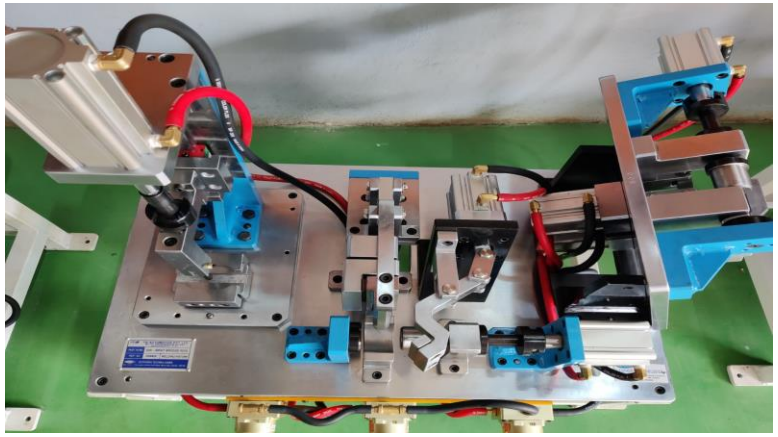

2. Robo Welding Fixtures

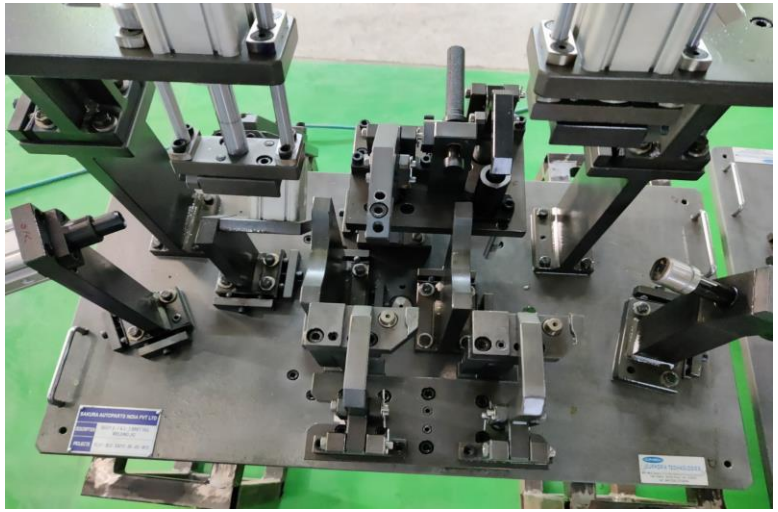

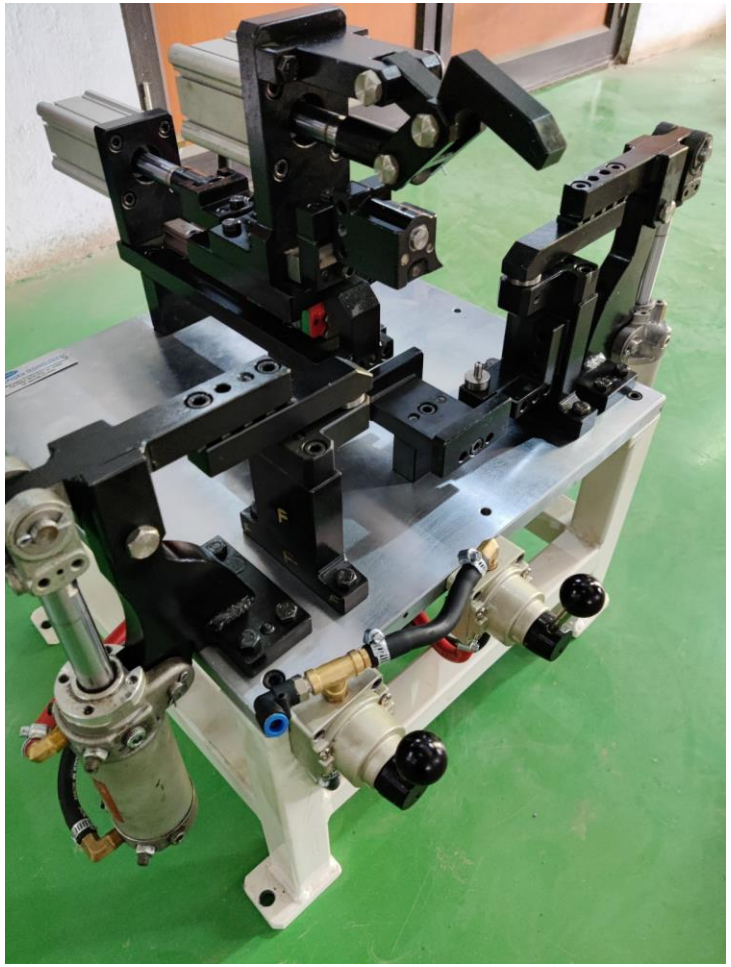

2. Robo Welding Fixtures

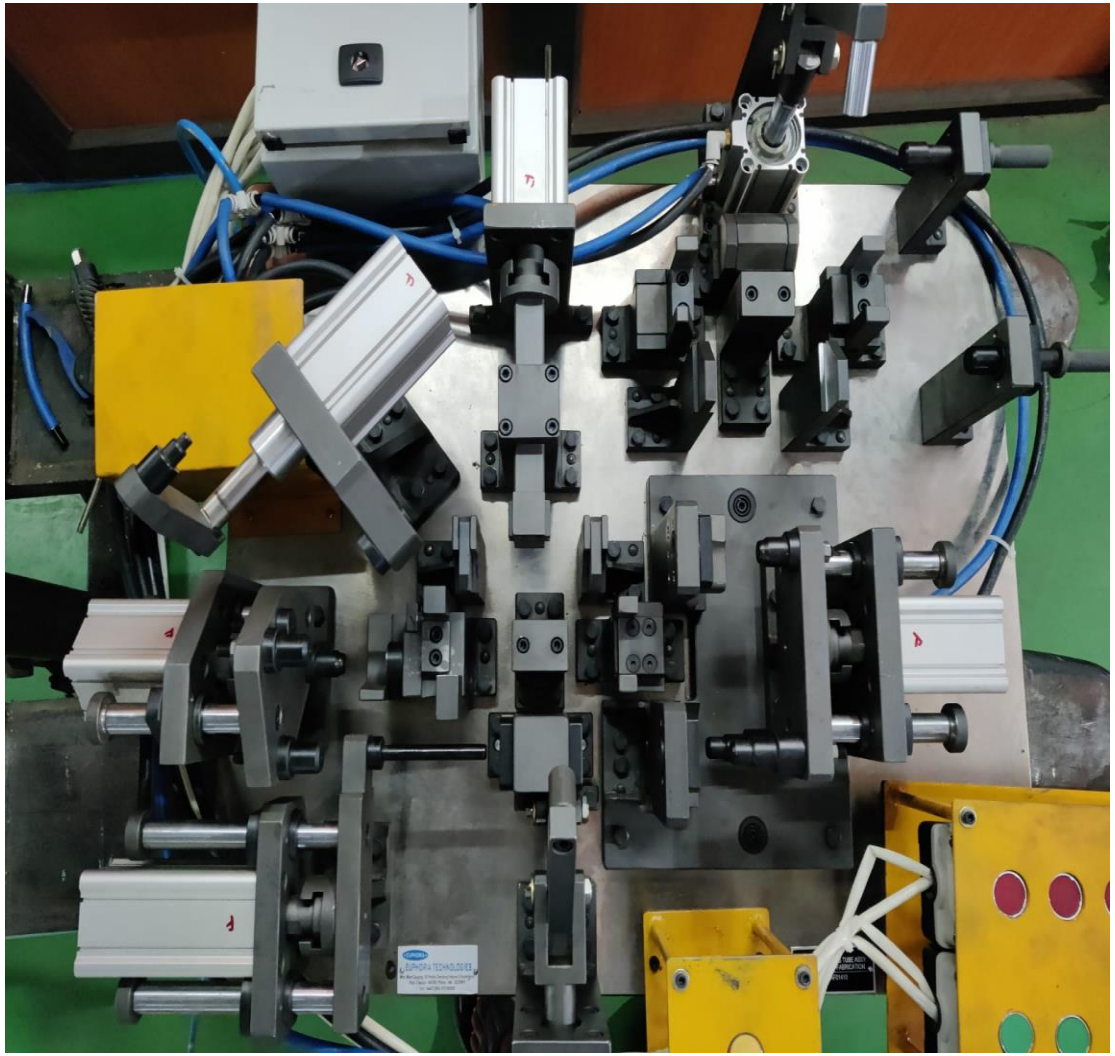

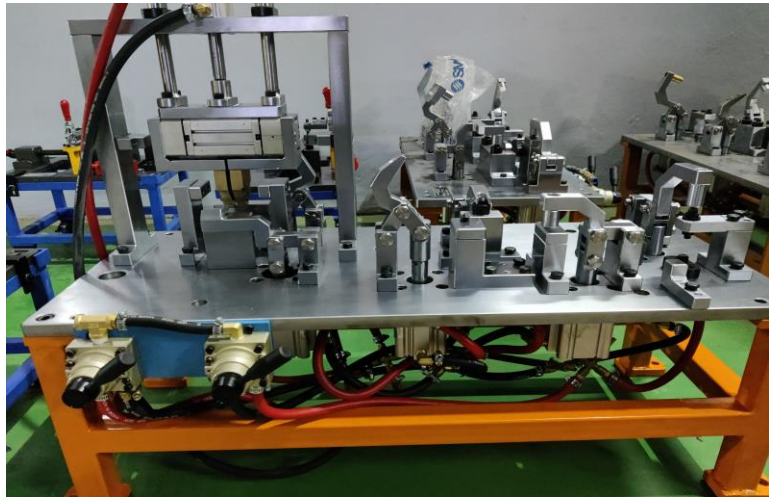

2. Robo Welding Fixtures

3. Spot Welding Fixtures

Reliability | cost effective | Smooth operation

We offer one of the best Spot Welding Fixtures in the industry. Our fixtures are well polished to keep all rust at bay. These Spot Welding Fixtures are customizable according to the specific customer requirements. Along with all these, our products are affordable and gets delivered on time to customers.

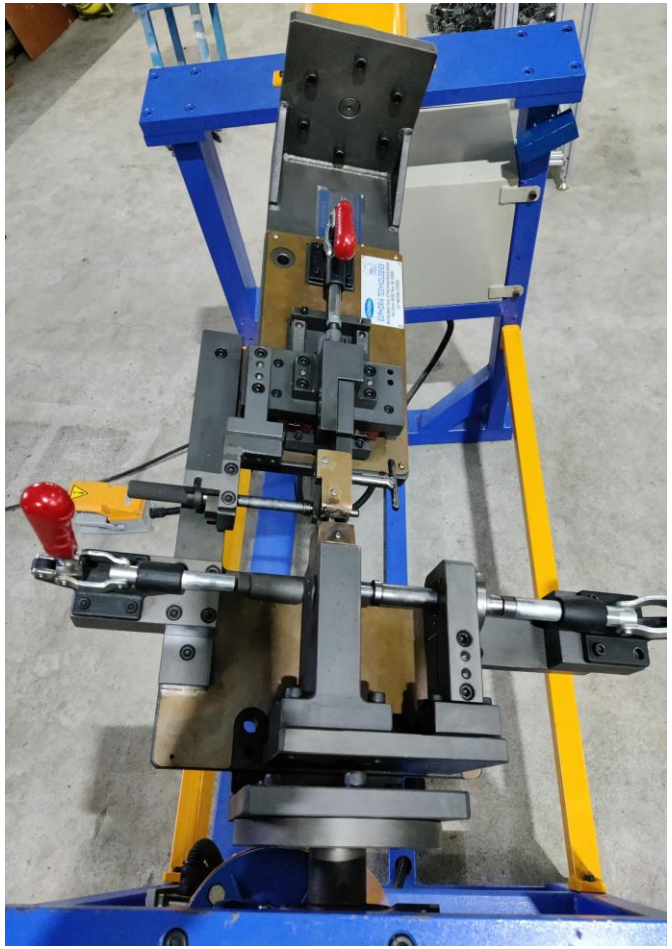

3. Spot Welding Fixtures

4. 3D profile checking Fixtures

Superior quality | Well polished | Durable

We are among the most trusted organization which deals in offering 3D Profile Checking Fixtures to the clients. The best quality material which has been tested for their quality in the predefined parameters of the industry has been used for the development of these 3D Profile Checking Fixtures. Apart from this, these 3D Profile Checking Fixtures are offered to the clients at the affordable prices in the market.

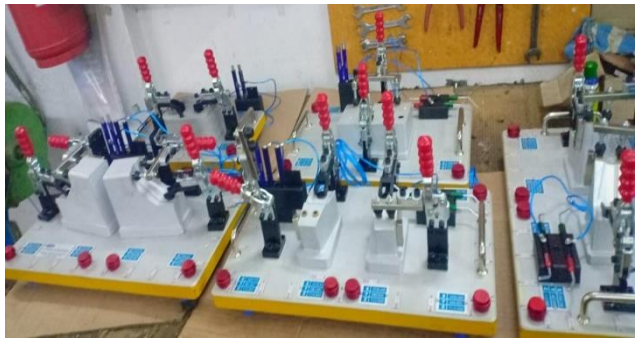

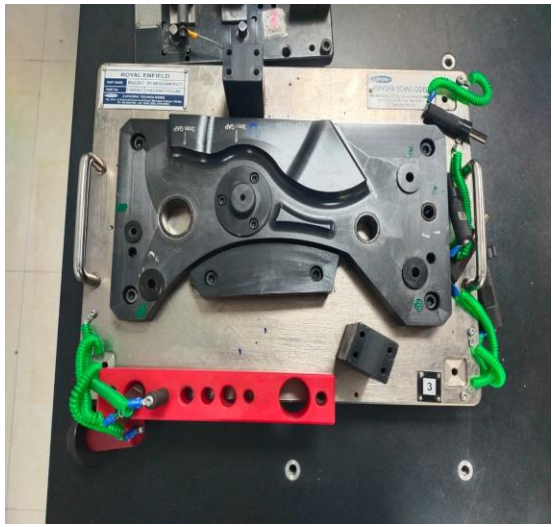

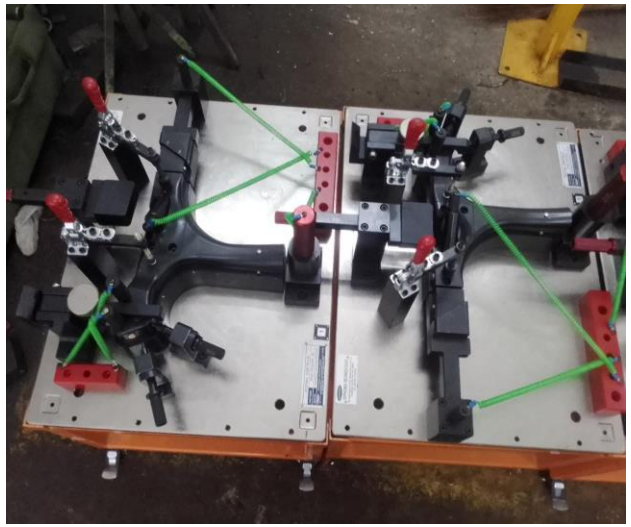

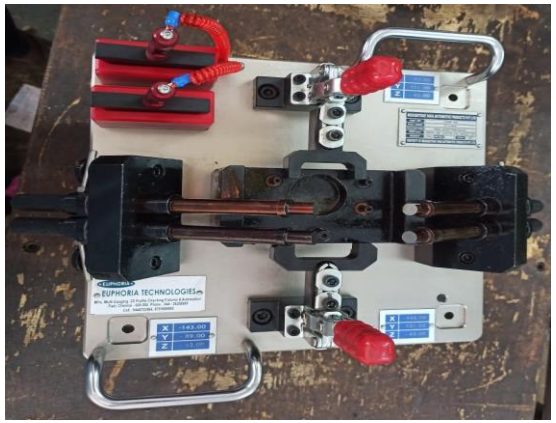

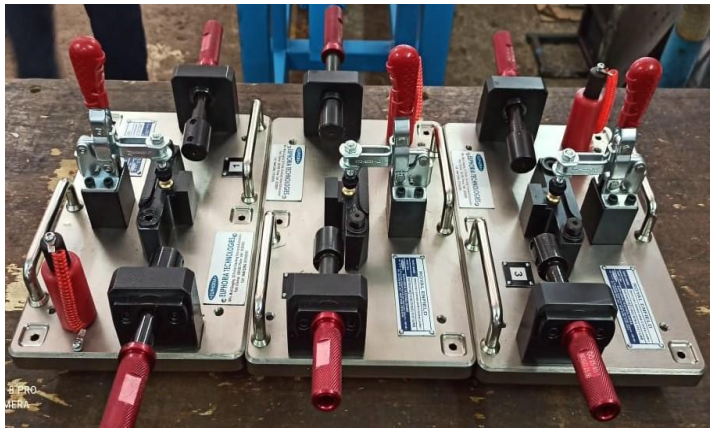

4. Profile checking Fixtures

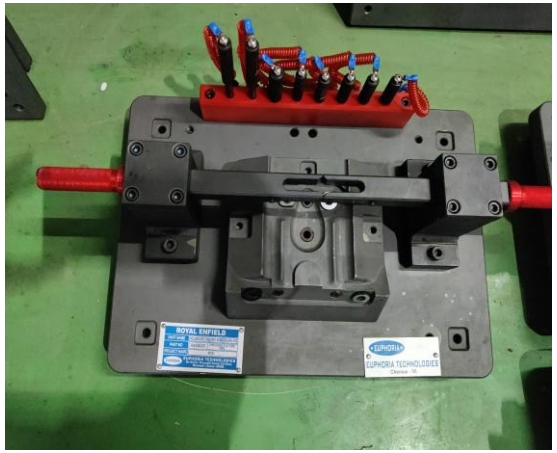

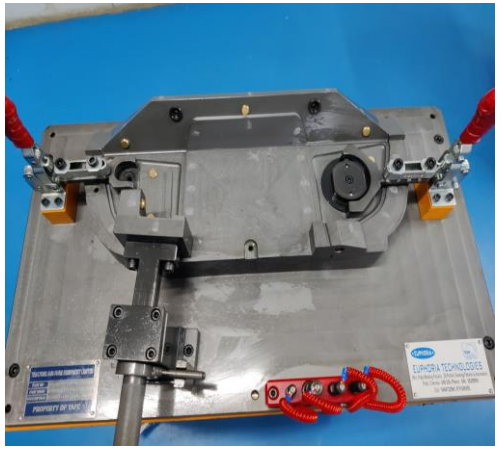

4. Profile checking Fixtures

Checking Fixtures

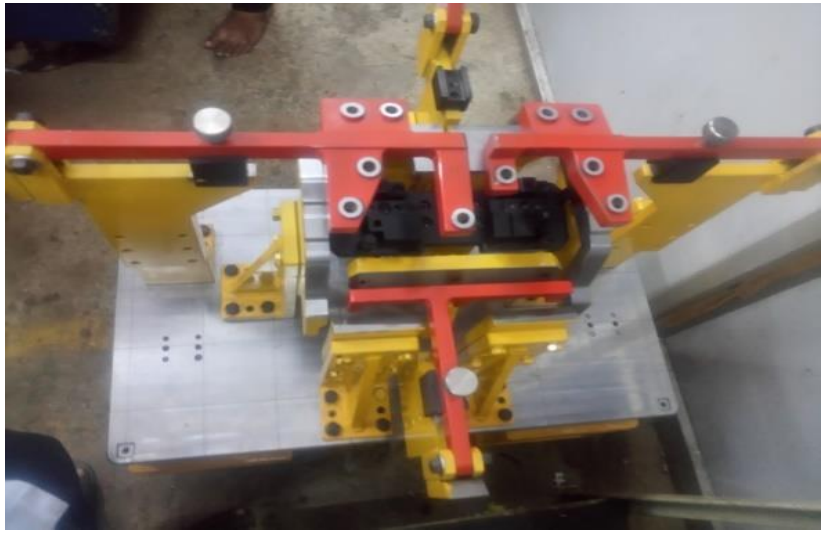

5. BIW INSPECTION FIXTURES (HARD GAUGES)

Superior quality | Well polished | Durable

We are playing the major Role in BIW Inspection fixtures manufacturing and providing best quality to the clients. We proved the challenging concepts in BIW parts corresponding to the Vehicle Co-ordinate System(VCS).

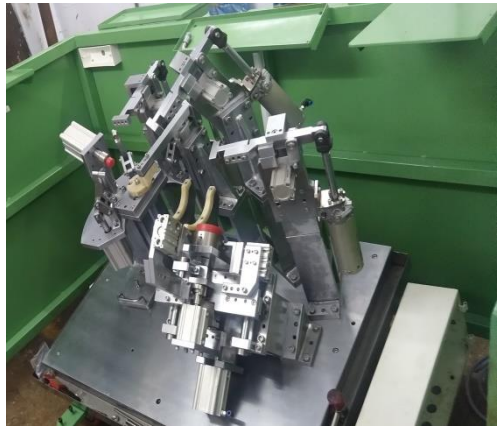

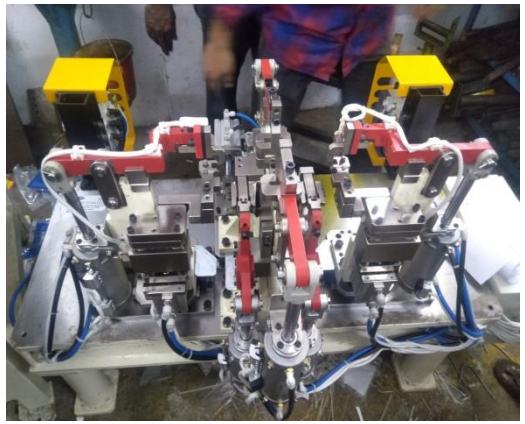

5. Special Purpose Machines

Superior quality | Hassle free | Us for testing purpose

Our organization has achieved breakthrough by offering Testing Machines to the clients. Our range of these Testing Machines is truly versatile and reliable since it has inbuilt protection mechanism. our Machines are compact designs and gives optimum performance and made for industrial testing purposes. Our testing machines are offered at a very competitive price in the market.

5. Special Purpose Machines

5. Special Purpose Machines

Our Machines

VMC – 3

CMM portable Romer – 1

CMM Laser scanner Romer -1

Double column jig boring – 1

Milling – 8

Surface grinding – 3

Lathe -2

Drilling -2

Metal saw cutting – 1

Grinding - 2

Arc welding -1

Co2 Welding - 1

CERTIFICATE

TÜVNORD

Management system as per
ISO 9001 : 2015

In accordance with TÜV INDIA procedures, it is hereby certified that

EUPHORIA TECHNOLOGIES
10/14-A, Thiruveethi Amman Kovil Street,
Mannurpet, Chennai – 600 050, Tamil Nadu,
India

applies a quality management system in line with the above standard for the following scope

Design, Manufacture and Supply of Industrial Fixtures, Special Purpose Machines, Industrial Gauges & Manufacture of Machine Automobile Components.

Certificate Registration No. QM 07 00917
Audit Report No. Q 8353/2017
Valid until 01.04.2021
Initial Certification 02.04.2018

Certification Body
at TÜV INDIA PVT. LTD.
Issue 12.09.2018
Place : Mumbai

This certification was conducted in accordance with the TÜV INDIA auditing and certification procedures & shall be valid subject to Surveillance Audit 1 before 24.10.2018, Surveillance Audit 2 before 24.10.2019 and Re-Certification Audit before 24.10.2020.
